General instructions and disclosures

About this statement

Clearing services

First Clearing, LLC ("FCC"), an indirect wholly owned subsidiary of Wells Fargo & Company, is a clearing broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the New York Stock Exchange ("NYSE"), the Financial Industry Regulatory Authority ("FINRA") and all principal U.S. exchanges. FCC carries your account(s) and acts as your custodian for funds and securities deposited with us directly by you, through our affiliated broker-dealer, Wells Fargo Advisors, LLC ("Wells Fargo Advisors") or as a result of transactions we process for your account. Twice a year, FCC publishes on its web site www.firstclearing.com a statement of the firm's financial condition. Alternatively, a printed statement is available to you upon request. Unless and until we receive written notice from you to the contrary, FCC may, without inquiry or investigation, accept from Wells Fargo Advisors (i) orders for the purchase or sale of securities for your account on margin or otherwise, and (ii) any other instructions concerning your account.

Trade date statement

All activity and positions on this statement are shown as of the date a trade is entered on the brokerage trading system (i.e. the trade date). Proceeds from the sale of securities and costs for the purchase of securities are not transacted through your account until the actual settlement date of the trade, which may be up to three business days after the trade date (or longer for certain securities with an extended settlement date).

Pricing of securities

Securities prices reflected on your statement may vary from actual liquidation value. Prices shown are provided by outside quotation services which we believe to be reliable but due to the nature of market data the accuracy of such prices cannot be guaranteed, or in the absence of such pricing, are estimated by Wells Fargo Advisors using available information and its judgment. Such estimates may not reflect actual trades and do not reflect a commitment by the firm to buy or sell at those prices. Securities listed on a national exchange such as the NYSE or Nasdaq Stock Market are priced as of the close of the statement period. Unlisted shares may be valued at the current best published "bid-price", and, if none exists, the last reported transaction if occurring within the last 45 days. Prices of securities not actively traded may not be available and are indicated by "N/A." Corporate and municipal bonds and other fixed income securities are priced by a computerized pricing service or, for less actively traded issues, by utilizing a yield-based matrix system to arrive at an estimated market value. Listed options are priced based on the closing "bid-ask" prices and the last reported trade. Mutual fund shares are priced at net asset value. Shares of direct participation program ("DPP") and real estate investment trust ("REIT") securities that are not listed on a national exchange are generally illiquid. Because no formal trading market may exist for these investments, their values are estimated. Unless otherwise indicated, the values shown for DPP and REIT securities have been provided by the management of each program and represent that management's estimate of the investor's interest in the net assets of the program. See statement sections for additional pricing information. Prices for hedge funds and certain managed futures funds are provided on a month delay basis. Other managed futures funds may be priced more frequently. Long-term certificates of deposit (maturity beyond one year from date of issue) are priced using a market value pricing model. Generally, the sale or redemption price of your securities may be higher or lower than the prices shown on your statement. For an actual quote, contact the individual servicing your account.

Estimated annual income/yield

Estimated Annual Income (EAI), when available, reflects the estimated amount you would earn on a security if your current position and its related income remained constant for a year. Estimated Annual Yield (EAY), when available, reflects the current estimated annual income divided by the current value of the security as of the statement closing date. EAI and EAY are estimates and the actual income and yield might be lower or higher than the estimated amounts. EAY reflects only the income generated by an investment. It does not reflect changes in its price, which may fluctuate. The information used to derive these estimates is obtained from various outside vendors. FCC and our Firm are not responsible for incorrect or missing estimated annual income and yields. Past performance is not a guarantee of future results.

Income summary

The income summary displays all income as recorded in the tax system as of period and date. The totals in the Cash flow snapshot may not match the totals in the income snapshot due to reconciliations or other corrections made in the tax system. Remember, you may have certain products that are not included in these figures and whose income is only available on the tax forms sent to you at year-end. Reconciliations and other tax reporting requirements may alter these numbers both during and after year end. You should rely only on tax reporting documents. Contact your tax advisor if you have any questions about the tax consequences of your brokerage activity.

SIPC Protection

Securities and cash in client accounts have two sources of protection. Wells Fargo Advisors is a member of the Securities Investor Protection Corporation ("SIPC"). SIPC protects the clients of its member firms against the loss of their securities in the event of the member's insolvency and liquidation. Each client is insured up to a maximum of \$500,000 (including \$250,000 for claims for cash). For more information on SIPC coverage, please see the explanatory brochure at www.sipc.org or contact SIPC at (202) 371-8300. In addition, Wells Fargo Advisors maintains a program of excess protection. This additional insurance coverage is provided through London Underwriters (led by Lloyd's of London Syndicate) ("Lloyd's"). For clients who have received the full SIPC payout limit, Wells Fargo Advisors policy with Lloyd's provides additional coverage above the SIPC limits for any missing securities and cash in client brokerage accounts up to a firm aggregate limit of \$1 billion (including up to \$1.9 million for cash per client). SIPC and the additional protection do not insure the quality of investments or protect against losses from fluctuating market value.

Investor education

Wells Fargo Advisors publishes on its web site www.wellsfargoadvisors.com information on topics of interest to investors as well as market commentary and economic analysis. Wells Fargo Advisors has also developed numerous investor education guides to provide you with important information regarding the products and services we offer. These guides may be found under the "Investor Education" tab.

Free credit balances

Free credit balances are not segregated and may be used by FCC in the operation of its business in accordance with 17CFR Section 240.15c3-2 & -3 under the Securities and Exchange Act of 1934. You have the right to receive from us in the course of normal business operations, subject to any open commitments in any of your accounts, any free credit balances to which you are entitled.

Investment objectives/Risk tolerances

Please inform us promptly of any material change that might affect your investment objectives, risk tolerances or financial situation, or if you wish to impose or change any reasonable restrictions on the management of your account. A copy of the Investment Advisory Services Disclosure document is available without charge upon request. Please contact the individual denoted on the front of your statement to update your information and to receive a copy of this document.

Tax reporting

We are required by federal law to report annually to you and to the Internal Revenue Service ("IRS") on Form(s) 1099 interest income, dividend payments and sales proceeds including cost basis information for applicable transactions credited to your account.

NFWL Annual Conference
Ethics Form Addendum

July 22, 2011

The following Congressional Members and Staffers have been invited and are expected to attend and participate in NFWL's Annual Conference as itemized below.

Since this year's Conference is hosted in Iowa, Members of Iowa's Congressional Delegation will attend but will not need for NFWL to cover expenses for any of their travel or accommodations, therefore, they stated they did not need to complete an Ethics form, as NFWL will NOT be paying for any expenses they may incur in conjunction with their role as a speaker at our Conference.

Additionally, one Member of Congress from Texas has been invited to speak, but he does not need financial assistance to participate and therefore NFWL will NOT be paying for any expenses he may incur in conjunction with his role as a speaker at our Conference.

Given that Congresswoman Donna Edwards is one of our members and does require financial assistance for airfare and hotel costs in order to be able to speak to our attendees at our request, it is expected that she will attend each session on the Conference Agenda that she is present for as she is eager to make the most of her trip and share information and experiences with her colleagues from different states and levels of government.
